Compost excess food waste at the garden behind Harrison College house. Check out the Bennett Compost site for accepted items.

If you don't have a recycling bin, bag recyclables and take them to the central recycling bins in your College House. REMEMBER this practice is only allowed on campus, as the City of Philadelphia cannot accept recyclable materials in bags.

Before you recycle, rinse/wipe containers clean so that they can be more easily recycled downstream.

Bring your navy blue reusable bag to Penn Dining locations to carry your food home in.
