

TRANSPORTATION

MISSION

To continue to prioritize a pedestrian and bike-friendly campus; encourage the use of local, alternative, and low-carbon transportation options; and promote pedestrian and cyclist safety on campus.

GOALS

1. A campus supported by an efficient, easy-to-access, integrated multi-modal transportation system
2. Have an accessible and safe campus for bicyclists and pedestrians
3. Improve energy efficiency of parking and transportation equipment and facilities

ACCOMPLISHMENTS

316

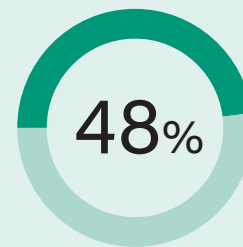

Staff have participated in the **Bike Commuter Expense Reimbursement Program** since inception

1,000

New and updated **bike parking spaces** added to campus bike corrals since FY14

3,707

Participants the **Sustainable Transportation Initiative** in FY18, the highest year on record
